

COLD CHAIN AND PERISHABLE HANDLING

Effective 01 September 2025

1. Dairy

Received between 2°C and 6°C. Any consignment outside that range at the point of receipt is refused entire.

2. Fresh produce

Inspected on receipt; wastage above 5% of the consignment is raised as a return the same day.

3. Recording

Receiving temperature is written on the delivery note and retained with the invoice.
